A

- Abstracts presented at the 43rd Annual Convention, (Las Vegas, NV) 278
Adapting a self-management education program for asthma for use in an outpatient clinic. VS Taggart, et al. 173
Airway hyperreactivity 45
Albuterol 421
Allergenic activity of short ragweed pollen (*Ambrosia elatior*) from different years and/or suppliers: criteria for the selection of an in-house allergen reference preparation. Maasch, et al. 429
Allergic rhinitis 28, 78, 185, 332, 407, 416, 442
Allergy
aeroallergens 142
animal 225, 243
food 14, 164, 313, 341
grass 121
nasal 395
skin 447
Alveolitis 336
Anaphylaxis 142, 205, 248, 344, 447
exercise-induced 257
Anaphylaxis to cabbage: detection of allergens. MS Blaiss, et al. 248
Angioedema, hereditary 131
Antibodies, intestinal 14
Antihistamine 407
Antihistamine/decongestant on nasal and Eustachian tube function following intranasal pollen challenges. PK Stillwagon, et al. 442
Arthus type allergy (see "Type III")
Aspirin 367
Astemizole 78, 184
Asthma
acetylsalicylic acid-intolerant 367
atopic 261
bronchial 1, 45, 103, 118, 129, 164, 405, 425
intrinsic 179
self-management 173
Asthmatics have highly reproducible pulmonary function tests. Clinically stable. JH Cissik, et al. 274
Attempt to prevent anaphylaxis by aerosolized antigen in guinea pigs. J Rebhun, et al. 142
Azelastine 344

B

- Béla Schick at his birthplace, Boglárlelle, Hungary. Commemoration of. 83

- Birch (*Betula verrucosa*) 71
Blood lymphocyte subpopulations in extrinsic and intrinsic asthmatics. PLB Brujnzeel, et al. 179
Book reviews 86, 148, 224
Brand, switching 350
Bronchial response to the food ingestion challenge. Z Pelikan, et al. 164
Bronchoconstriction
aspirin-induced 367
mechanism 134
Bronchospasm, treatment 54
Bullous eruption in a 3-month-old infant. Diffuse. MS Zebede, et al. 12
Burkard micrometer 34

C

- C2 deficiency 215
Cabbage 248
Cedar, Japanese (*Cryptomeria japonica*) 265
Central nervous system vasculitis. OG Brown, et al. 162
Chronic diarrhea in a 5½-month-old infant. R Mings, et al. 322
Cimetidine 447
Clinical evaluation of hyposensitization in allergic rhinitis confrontation of the results obtained with three different extracts. Material from a 3-year study. JMLC Verstraeten and AFJ Verstraeten. 416
Clinical profile of astemizole. A survey of 50 double-blind trials. G Vanden Bussche, et al. 184
Coagulation, blood 367
Cochlea 36
Combined immunodeficiency 379
Comparative studies on tree pollen allergens. XVII. Immunochemical analysis of the international standardization extracts of birch (*Betula verrucosa*) pollen as compared with a local partially purified extract. H Vik, et al. 71
Comparison of albuterol and metaproterenol nebulizer solutions. A. MP Habib et al. 421
Contact dermatitis 447
Corticosteroid complications in respiratory disease. FK Kwong, et al. 326
Corticosteroids 1, 326, 363
Cromolyn sodium 28
Cryptogenic fibrosing alveolitis in children. A Chetty, et al. 336
Cyclical exacerbation of bronchial asthma. T Enright, et al. 405
Cystic fibrosis 379

D

- Decongestant 442
Dermatophagoides pteronyssinus 71
Desensitization 215
Desensitization to factor VIII in a patient with classic hemophilia and C2 deficiency. DM Jamieson, et al. 215
Detection characteristics of a commercially available sulfite detection test (SULFI-TEST): problems with decreased sensitivity and false negative reactions. AA Wanderer and C Solomons. 41
Diarrhea 322
Diet on the efficacy onset and duration of action of procaterol hydrochloride tablets. The effect of. DL Spangler, et al. 59
Double-blind group comparative trial of sodium cromoglycate eye ointment and placebo in the treatment of allergic eye diseases. ML Ruggieri, et al. 109
Double-blind placebo-controlled trial of intranasal IgE pentapeptide. B Prenner. 332
Dye, hair 205

E

- Ear, middle 395
Editorial. The American College of Allergists approves "Definition of an Allergist-Immunologist." JA Bellanti. 387
Education program, asthma 173
Eustachian tube 442
Extracts,
grass 416
ragweed 429
Eye diseases, allergic 109

F

- Factor VIII 215
Familial exercise-induced anaphylaxis. S Longley and RS Panush. 257
Fern spores 125
Fibrinolysis, blood coagulation, and platelet function during aspirin-induced bronchoconstriction in aspirin-intolerant asthmatics. ML Kawalski, et al. 367
Food, ingestion challenge 164

G

- Granulocyte migration 425
Grass, allergy 121
Group comparative trial of cromolyn sodium and terfenadine in the treatment of seasonal allergic rhinitis. ACM Lindsay-Miller and A Chambers. 28

H

- Hearing, loss 36
Hemophilia 215
HEPP 332
Hereditary angioedema associated with selective IgA deficiency. A Nieto, et al. 131
Hyperreactivity, bronchial 121
Hyposensitization 142

I

- IgA 131
IgE 248
IgE pentapeptide (HEPP) 332
IgG 14, 89
IgG subclasses—a review. PH Schur. 89
IgM 413
Immunobiotherapy in bronchial infections—are immunobiotherapeutic products active for treating bronchial infections? WK Podleski. 83
Immunotherapy 416
Inhibition of acute lung anaphylaxis by aerosolized azelastine in guinea pigs sensitized by three different procedures. N Chand, et al. 344
Intracutaneous skin test 33
Intravenous cimetidine as an effective treatment for systemic anaphylactic and acute allergic skin reactions. H Mayumi, et al. 447
In vivo and *in vitro* granulocyte migration in patients with extrinsic and intrinsic bronchial asthma. R Matusiewicz. 425
In vivo effects of corticosteroids on human allergic responses I. Effects of systemic administrations of steroids. S Talbot, et al. 363
Ipratropium bromide 54
Isolated Raynaud's phenomenon—a benign disorder. N Sheiner, et al. 114

J

- Japanese cedar 265
Japanese cedar pollinosis among the residents in a densely cultivated area. Studies of prevalence of. T Ishizaki, et al. 265
Journal Club 48, 194, 354, 435

L

- Laboratory animal allergy. JN Fink. 225
Letters to the Editor 85, 149, 222, 385
Loratadine (Sch-29851) 407
Lung disease, occupational 151
Lymphocyte 179

M

- Mast cells 226
Mechanism of corticosteroids in treating asthma. The. RG Townley and F Suliman. 1
Mediators of human mast cells and human mast cell subsets. LB Schwartz. 226
Meniere's disease, simulated 36
Metaproterenol 421
Migraine 313
Modification of bronchial hyperreactivity during pollen season in children allergic to grass. A Barbato, et al. 121
Monoclonal IgM and chronic urticaria: two cases. M-S Doute, et al. 413
Myeloperoxidase assay 363

N

- Nasal allergy: a risk factor for middle ear disease. P Fireman. 395
National Coalition on Immune System Disorders. J Bellanti. 87
Nebulizer solutions 421
Non-IgE antibody mediated mechanisms in food allergy. GM Halpern and JR Scott. 14
Non-steroidal anti-inflammatory drugs 367
Nystagmus 36

O

- Occupational immunologic lung disease. LC Grammer, et al. 151
Optimal time for obtaining peak and trough theophylline levels in 12-hour and 24-hour products in children. DG Tinkelman. 190
Otitis media with effusion 395

P

- Parenteral terbutaline in the treatment of status asthmaticus in children. Frequent. WR Tipton, et al. 252
Patterson R 151
Pharmacologic treatment of adverse reactions to foods: comparison of different protocols. G Ciprandi, et al. 341
p-Phenylenediamine 205
Platelet, function 367
Pneumonia, recurrent 241
Pollen, tree 33, 71
Polyps, nasal 377
Positive skin tests 125
Positive skin tests to fern spore extracts in atopic patients. C Geller-Bernstein, et al. 125

- Precision of intracutaneous skin test with timothy pollen allergen preparation using two different techniques. S Dreborg, et al. 33
Presidential address: the American College of Allergists. PB Boggs. 388
Problems with generic theophylline and indiscriminate brand switching. GL Klein. 350
Procaterol hydrochloride 59
Provocation of nystagmus and deviation by type I allergy in the inner ear of the guinea pig. K Miyamura, et al. 36
Pruritus 447
Pulmonary function 274

R

- Ragweed 429, 442
Raynaud's phenomenon 114
Reference preparation, in-house 429
Refractory period to ultrasonic mist of distilled water: relationship to methacholine responsiveness, atopic status, and clinical characteristics. S Mattoli, et al. 134
Relationship between airway obstruction and bronchial hyperreactivity in childhood asthma. The. RA Galvez, et al. 45
Reliability and predictive value of salivary theophylline levels. M Jaber, et al. 105
Respiratory disease 326
Role of food allergy in migraine: a review. The. 313

S

- Safety and efficacy of loratadine (Sch-29851): a new non-sedating antihistamine in seasonal allergic rhinitis. RJ Dockhorn, et al. 407
Salbutamol 54
Salbutamol and ipratropium bromide solution in the treatment of bronchospasm in asthmatic children. AL Boner, et al. 54
Self-management program 173
Severe recurrent pneumonia and wheezing in a young infant. DS Levy, et al. 241
Slow response to therapy in a patient with multiple admissions for bronchial asthma. WB Klaustermeyer, et al. 103
Sodium 377
Sodium cromoglycate 109
Status asthmaticus 252
Steroids 363
SULFTEST 41
Sweat sodium levels in adults with nasal polyps. MI Levine, et al. 377
Systemic anaphylaxis due to an oxidation product of *p*-phenylenediamine in a hair dye. BJ Goldberg. 205

T

T cells 261
T cells bearing FcεR-associated antigen in patients with atopic asthma. Increase of. T Matsumoto, et al. 261
Terbutaline 252
Terfenadine 28
Theophylline 190, 350
Theophylline, salivary level 105
Thymostimulin 379
Timothy, allergen preparation 33
Treatment of allergic rhinitis with a new long-

acting H₁ receptor antagonist: astemizole. M Sooknundun. 78
Treatment of combined immunodeficiency with thymic extract (Thymostimulin). C-Y Lin, et al. 379
Type I allergy 36
Type III (Arthus type) 36

U

Ultrasonically nebulized distilled water 134
Urticaria 413, 447

V

Vasculitis 162
Vomiting, symptom of asthma 118
Vomiting as a dominant symptom of asthma. L. Schreier. 118

W

Worldwide survey of management practices in laboratory animal allergy. AI Lutsky. 243
